## PROJECTS

### Tender Management System

I have completed Online Tender managment System Project using Java .I Use Java at the backend of the project . This project is very helpful to our real life it is time saving

---

## LANGUAGES KNOWN

- PHP
- HTML5
- CSS
- Java

---

## COURSES & CERTIFICATIONS

- Java
- HTML
- CSS
- PHP

## Bucket List Application

As we all know most people write their dreams or achievements in diaries or books but there is a chance of losing the diary. That's why we came up with this online Bucket List web Application where you can write your dreams and achievements without hesitation and there is no chance of missing or losing your list of dreams and achievements. and also users are booking traveling and hotel rooms in the Bucket List application.

## Farm Management System

Font End - HTML, CSS, JAVASCRIPT

Back End - PHP, MYSQL DB

(Farmer and Buyer are two sides of this project)

---

## OTHER INTERESTS

coding, work with MS Word,MS Power Point, design new websites.
